

Stambaugh Middle School

Spring Testing Schedule

Dear Families,

Below you will find the dates of the upcoming Florida Standards Assessment (FSA). It is imperative that all students are in attendance and on time every day. School begins at 9:00 am daily. Testing will begin no later than 9:15 am each testing day and will go into the afternoon. If a student arrives after testing has begun on their testing day, they will have to sit in the office until testing is completed for the day. Please make every effort to not schedule appointments during testing times and encourage your child to get a good night's rest and eat a good breakfast before testing.
